Mon, 03 Dec 2018 03:40:00 GMT DOF - Diario Oficial de la FederaciĂ³n - Time is the indefinite continued progress of existence and events that occur in apparently irreversible succession from the past through the present to the future. Time is a component quantity of various measurements used to sequence events, to compare the duration of events or the intervals between them, and to quantify rates of change of quantities in material reality or in the conscious ...
